

Timberline[®]UHDZ[®]

Ultra High Definition[®] Shingles

Millions of families have found shelter under a beautiful, durable, Timberline[®] roof. Timberline UHDZ[®] shingles offer a combination of beauty and benefits that goes beyond any other Timberline[®] shingles.

We protect what matters most[™]

Your roof is a promise, an investment, and beyond

Choosing a roof for your home means making a promise of shelter. An investment in security. And setting high expectations for beauty and durability.

Once you've set your expectations, choosing a Timberline UHDZ® roof is a great way to go beyond.

It's our only shingle to offer our patented Dual Shadow Line for sunset shadows all day long. And it comes with a 30-year StainGuard Plus PRO™ Limited Warranty¹ against blue-green algae discoloration.

And that's just the beginning.

¹ 30-year StainGuard Plus PRO™ Algae Protection Limited Warranty against blue-green algae discoloration is available only on products sold in packages bearing the StainGuard Plus PRO™ logo. See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions, and qualifying products.

It's a shingle that helps your roofer do their best work

LayerLock® Technology strengthens the bond between layers of your Timberline UHDZ® Shingles. To help your roofer give you the best possible installation. And to help you rest easy when the wind is howling outside.

Here's how it works:

The strength added by LayerLock® Technology allowed GAF to create the StrikeZone® nailing area — the industry's widest nail zone — which offered 99.9% nailing accuracy in our test.¹

LayerLock® Technology also powers the industry's first wind warranty with no maximum wind speed limitation. Timberline UHDZ® Shingles are eligible for the WindProven™ Limited Wind Warranty when installed with the required combination of four qualifying GAF Accessories.²

¹ Results based on study conducted by Home Innovation Research Labs, an independent research lab, comparing installation of Timberline HD® Shingles to Timberline HDZ® Shingles on a 16-square roof deck using standard 4-nail nailing pattern under controlled laboratory conditions. Actual results may vary.

² 15-year WindProven™ Limited Wind Warranty on Timberline UHDZ® Shingles requires the use of GAF starter strips, roof deck protection, ridge cap shingles, and leak barrier or attic ventilation. See *GAF Roofing System Limited Warranty* for complete coverage and restrictions. Visit gaf.com/LRS for qualifying GAF products. For installations not eligible for the *WindProven™ Limited Wind Warranty*, see *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions.

It's sunset shadows all day long

The angle of a sunset creates a unique touch of shadow that adds definition and depth to everything it touches. Including your shingles. In fact, it can take your beautiful home and make it breathtaking.

Imagine that moment lasting all day. That's what we've done with our patented Dual Shadow Line, only available on Timberline UHDZ® Shingles.

Dual Shadow Line adds depth so exceptional, it takes your home's curb appeal to even greater heights. The impact is unmistakable.

It's strong protection

GAF engineers time-release algae-fighting capsules that are infused with thousands of copper microsites, which release copper steadily over time, for long-lasting algae-fighting power. Timberline UHDZ® Shingles feature 10% more of those capsules than even our best-selling Timberline HDZ® shingles, which lets GAF to offer a 30-year StainGuard Plus PRO™ Algae Protection Limited Warranty against blue-green algae discoloration.¹

As for impacts, Timberline UHDZ® passes the UL 2218 Impact-Resistance Test with a Class 3 rating.²

Pewter Gray

Pewter Gray can add dramatic counterpoint to contemporary exterior color palettes, as well as to stucco or brick facades.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Charcoal

Charcoal is the most neutral of shades, and works wonderfully with blues, grays, whites, yellow, gold, sage, and green.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Slate

A cool gray with a beautiful green undertone, Slate coordinates well with both grays and greens, as well as with white, cream, and ivory exteriors.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Barkwood

The neutral brown Barkwood emulates wood and coordinates well with warm colors like beige, taupe, cream, gold, and yellow.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Shakewood

An appealing blend of browns, tans, and gold, warm radiant Shakewood pairs equally well with neutral beige and clay tones, as well as deeper jewel tones.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Weathered Wood

The perfect neutral color, Weathered Wood complements a broad range of hues and works well with sage, cream, ivory, and beige.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

It's a system, built to protect

A Timberline UHDZ® roof is so much more than shingles. It's layers of protection, working together to help keep your home safe from rain, snow, sun, and wind.

In fact, installing 4 qualifying GAF accessories — GAF starter strips, roof deck protection, ridge cap shingles, and either leak barrier or attic ventilation — in one roof system makes Timberline UHDZ® shingles eligible for the WindProven™ Limited Wind Warranty.¹
