Accessory Windows

Replacement and New Construction

Casement

Things couldn't be easier with our beautiful and functional vinyl casement windows. There's no need to stretch to reach a top lock because the window unlocks with one easy-to-reach latch. Available in single or multi-unit combinations, our casement windows offer smooth operation and maximum ventilation. Add a breath of fresh air to any room in your house with a Harvey vinyl casement window.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package upgrade
- Easy to use, compact, full-flip folding handles tuck neatly into the cover for a modern, nested appearance
- Single latch, multi-point locking system on casement secures window in multiple locations
- Window opens to a 90° angle for maximum ventilation
- Optional simulated double hung meeting rail

Rolling

Our rolling windows are easy to operate and an ideal choice for porches, family rooms, additions, multi-unit apartments buildings, condominiums and more. They operate with fingertip ease on a set of rollers. A half screen is included and a full screen is optional.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package upgrade
- Fully welded sash and frame
- Double locks on windows with opening height of 36-3/8" or greater

Rolling windows and transoms

Picture

Take in the great outdoors with our picture window. Use by itself or combine with casement and/or double hung windows for more sweeping views and greater air circulation.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package upgrade

Garage Door Transoms

With our garage door transoms, you can enhance the look of your garage with a window that's both functional and decorative. Garage door transoms are a great way to let in natural light and add a traditional touch to your home.

- Standard with clear insulated glass
- Patio door transom vertical rail available

Custom Shapes

Thanks to our special vinyl forming process, you can add variety and individuality to your home with custom shapes. Our specialty shapes, including octagons, triangles, roundtops and full circles, offer unlimited opportunities to customize your windows. We also offer numerous grid options to enhance your interior design possibilities. Wood and PVC trim can be specified on any specialty window for added value and beauty.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package upgrade
- Many styles and grid configurations are available, including half-round, quarter round, oval, elliptical, segmental, extended segmental and geometric shapes

Awning

The unique style and impressive ventilation of the awning window has made it a popular product in newly remodeled homes. This window opens outward from the bottom by turning the compact folding handle. Spice up a larger opening with an awning window mulled below a picture window.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package upgrade
- Fiberglass screen
- Easy to use, compact, full-flip folding handles tuck neatly into the cover for a modern, nested appearance
- Available in fixed or venting units

Hopper

The Harvey hopper window is an excellent choice for basement applications. The hopper includes a full screen and is custom made to fit your opening.

- ENERGY STAR® qualified with optional ENERGY STAR glazing package upgrade
- Fiberglass screen

Picture windows mulled to awnings for a truly unique and charming look

Vinyl bay window

Vinyl bow window

Bay & Bow

Vinyl bay windows combine traditional style with the convenience of maintenance-free vinyl at either 30° or 45° angles. Vinyl bow windows appear more rounded in projection as they are comprised of windows at a 10° angle. They are both available using casement or picture windows as well as Tribute, Classic and Slimline double hung windows.

- Custom manufactured to fit virtually any opening
- Factory assembled for easy installation
- No exposed joints or caulking on exterior of unit
- "L" style nail fin along jambs
- Head & insulated seat boards available in oak or birch veneer
- Cable support system included and required for all bay and bow windows
- Multi-point lock on all casements
- All roof systems are fully framed and sheathed in 1/2" plywood

Custom Roof Systems

Top your bay or bow window off with a custom roof system from Harvey Building Products. Systems are supplied as a one-piece unit ready for installation. Choose from genuine copper, painted aluminum or structural roofs that are ready to be finished with asphalt or wood shingles.

Painted Aluminum Roof Colors:

White

Coppertone

Patina

Bronze

Vinyl bay window using picture and double hungs with genuine copper roof

Design Options

Exterior Finishes

Add a splash of worry-free color to your home. In addition to White or Almond solid color vinyl, Harvey offers a standard and custom exterior paint spectrum backed by a 10-year limited warranty against cracking, peeling or discoloration.

Solid Color Vinyl

Standard Painted Colors

Stocked Painted Colors

Custom color matching available. Paint colors are only available on white extruded vinyl. Due to printing limitations, finishes and colors shown are for representation only.

- Custom configurations available

Not all grid styles and configurations available for each product. Ask your local contractor or visit harveybp.com for details.

Interior Trim Kits

2-1/4" Beaded Col.

3-1/2" Windsor

Harvey interior trim kits provide a precision fit and quality workmanship. Kits are available in nine popular profiles in either clear or pre-primed pine.

Exterior Casing

3" flat with sill nose

908 with sill nose

To enhance the beauty of your window, Harvey also offers maintenance-free vinyl exterior casing. The factory-applied casing with fusion-welded corners eliminates the need for exterior caulking and produces a clean, upscale look.

Other trim and casing styles available, including PVC surrounds. Ask for details.

Extension Jamb

- Primed finger joint or clear pine
- 4-9/16"
- 6-9/16"
- Custom sized up to 7-1/4" wall

Interior trim and exterior casing available for new construction products only.

ENERGY STAR: This package includes everything that is needed for a product to meet ENERGY STAR requirements. Glazing, gas, glass thickness, etc. will vary by window and usually includes Low-E coating and Argon gas. This glazing package does qualify for ENERGY STAR.

High Performance: This package is available on our premium Tribute windows as well as select accessory windows with Tribute glazing. It incorporates triple glazing and Krypton gas for maximum energy efficiency. This glazing package exceeds ENERGY STAR requirements.

U-factor measures the rate of non-solar heat transfer from one side of the window to the other. Heat transfer implies both heat loss out of a living space during cold weather and non-solar heat gain during hot summer months. The lower the U-factor, the better the performance.

Solar Heat Gain Coefficient (SHGC) measures how well a product blocks heat from the sun. The lower the SHGC, the better a product is at blocking unwanted heat gain.

Visible Transmittance (VT) measures how much light comes through a product. The higher the VT, the more light that comes through.

About Harvey Building Products

Harvey has built a solid reputation as a leading manufacturer and distributor of quality building products. A privately owned and operated business with over 50 years' experience, Harvey Building Products is known for outstanding craftsmanship and superior service as well as standing behind every product we make. In addition to manufacturing durable, attractive windows, doors and porch enclosures, Harvey distributes a full line of highly respected building products to professional contractors and builders throughout the Northeast.

We understand what it takes to be part of your home.™
